Dear Sir / Madam,

Sea-Change Sailing Trust

I write to you as a referee for the Sea-Change Sailing Trust. As the governing body of sailing in the UK the RYA have a section that specialises in sailing for people with disabilities, this section works with a charitable organisation, RYA Sailability, to continue to develop and support sailing initiatives in the UK that enable sailing and boating experiences for people with disabilities. As part of our work we advise and offer support to other organisations that have similar goals, we assess them and they can become one of our foundation sites and through our affiliation we strive to assist these organisations in strengthening the ability to fulfil their goals.

The Sea-Change Sailing Trust is one of the organisations we are proud to work with. The results they achieve are very high and the work they carry out is inspirational. Many children are being helped by their philosophy of team work, responsibility and personal growth in a unique sailing environment.

We wholly recommend and advocate any help, support or sponsorship that can be offered to this organisation as they fully fulfil what we aim to achieve in the growth of sailing and boating for people with disabilities.

Yours sincerely,

Morna Hughes
RYA Sailability Trust Manager.
